We are delighted that you have chosen to work with us. Together, we can make a huge difference on our social wealth and environment. This means that not only are we contributing towards saving our planet, but it will also mean we are raising funds for where they are needed the most. The best part is you can choose the charity or cause you would like the collections to fund.

We are immensely proud of what we do and the implications we have both; socially and environmentally. We are pleased to announce that we have been able to raise an amazing **£931,329** for charities across the UK and are continuing to do so.

WHAT TO DO NEXT

Now that you have received your box, your first action will be to display your box on a shelf, shop window or any place that is visible for your customers so that it will be "eye catching". You should then post on as many social media platforms as possible.

Not sure what to post? Don't worry we have ready-to-download resources available on our website, to access these all you have to do is open up your camera roll and take a photo of this QR code. It should take you directly to our resource page.

Here you will also have access to our Top-Tips which will give you ideas on how to gain more exposure for your box and marketing ideas.
